

Electrical matting.

Key features.

- Suitable for insulation purposes
- Sold in 10 metre rolls or by the linear metre
- Quality assured product with full traceability
- Electrically tested and is available to the new specification IEC 61111:2009

Part number	Supplied thickness (mm)	Width (mm)	Roll size (m)	Roll weight (kg)
G70709	6.0	915	10	75
G70710	6.0	1000	10	83
G70712	6.0	1220	10	99

Specification.

Elastomer:
Natural

Colour:
Black

Working voltage:
1Kv

Proof test voltage:
5Kv

Withstand test voltage:
10Kv

Grade:
No.9

Mechanical puncture resistance:
Greater than 70n

Slip resistance (ISO 59040):
Greater than 50n

Acid resistance:
No less than 75% of original values

Oil resistance:
No less than 75% of original values

Approvals:
RoHS compliant
